INDEX

Abdomen, see also Retroperitoneal
Abdomen, prune belly syndrome, see Syndrome, prune belly
Abdulian, M., see J. B. Roy, jt. auth.
Abnormality, see Anomaly; Testis, undescended; Urethra, hypospadias, etc.
Accident, see Automobile accident, ureter, injury, etc.
Acid phosphatase levels in bone marrow, value in detecting early bone metastasis from prostatic carcinoma, 462
Actinomycin D, see Chemotherapy
Actinomycosis, see Kidney
Adam, Y., see W. G. Cahan, jt. auth.
Adrenal, absence, congenital, 529
Adrenal, adrenalectomy for aldosterone-producing tumor, see Adrenal, new growths
Adrenal, aldosteronism, preoperative tumor localization by adrenal venography, 521
Adrenal, angiography, see Angiography
Adrenal, hyperplasia, see Hermaphroditism, pseudo
Adrenal, new growths, adenoma investigated angiographically, 3
Adrenal, new growths, aldosterone-producing tumor, 521, 529
Adrenal, venography, see Venography
Agahan, P., see S. S. Siegelman, jt. auth.
Albert, D. J. and Persky, L. A simple declotting device for A-V shunts, 9
Albert, D. J., Zimmerman, T. S., Mahoney, S. A. and Persky, L. Hemophilia, (factor VIII deficiency) hematuria and urological intervention, 421
Albuquerque, P. F., Forster, R. F., Salles, O. and Curry, C. A. Urinary infection: review of 16,154 consecutive patients, 205
Aldosteronism, see Adrenal
Allen, J. S., see W. A. Keitzer, jt. auth.
Amar, A. D. Ureteropyelostomy for relief of single ureteral obstruction due to retroperitoneal fibrosis in a patient with ureteral duplication, 296
American Board of Urology, 254, 365
American Medical Association, placement registry, 254
American Urological Association, see also Journal of Urology
American Urological Association, branch societies, see Chicago Branch Society, Cleveland Branch Society, Dallas-Fort Worth Branch Society, Detroit Branch Society, Houston Branch Society, Kansas City Branch Society, Memphis Branch Society, Philadelphia Branch Society, Pittsburgh Branch Society, Rocky Mountain Branch Society, St. Louis Branch Society, Tidewater Branch Society
American Urological Association, convention, urological nurses and technicians, 1970, 253
American Urological Association, conventions, 1970–1976, 253
American Urological Association, educational committee, program of annual meeting, 505
American Urological Association, educational committee symposium, 365
American Urological Association, endocrine urologic forum, program of annual meeting, 505
American Urological Association, essay contest, 1971, 252
American Urological Association, executive committee, 1969–70, 249
American Urological Association, film library committee, 253
American Urological Association, grants, 254
American Urological Association, history of urology forum, 1971, 252
American Urological Association, history of urology forum, program of annual meeting, 505
American Urological Association, Kidney Tumor Registry, 31
American Urological Association, meeting dates, 1970–1976, 253
American Urological Association, membership requirements, 251
American Urological Association, motion pictures at annual meeting, 505
American Urological Association 1970 convention, 252
American Urological Association, nomenclature and suggested relative unit values for urological procedures, 253
American Urological Association, nurses and technicians convention, 1970, 253
American Urological Association, officers, 1969–70, 249
American Urological Association, pediatric urology forum, program for annual meeting, 505
American Urological Association, placement registry, 254
American Urological Association, program of annual meeting, 505
American Urological Association, registration for 1970 convention, 252
American Urological Association, research and research training, 365
American Urological Association, research committee, 365

American Urological Association, research fund, 253
American Urological Association, research training fellowships of interest to urologists, 254
American Urological Association, role of specialty in predoctoral medical education, 365
American Urological Association, scientific exhibits at annual meeting, 505
American Urological Association, scientific sessions at annual meeting, 505
American Urological Association, section meetings, 251
American Urological Association, sections, see Mid-Atlantic Section, New England Section, New York Section, North Central Section, Northeastern Section, South Central Section, Southeastern Section, Western Section
American Urological Association, sections, membership requirements, 251
American Urological Association, seminar for urological nurses and technicians, 513
American Urological Association, technical exhibits at annual meeting, 505
American Urological Association, urological research forum, program of annual meeting, 505
Amis, E. S., Jr., see C. R. Sargent, jt. auth.
Ampicillin, effect on unilateral kidney actinomycosis, 126
Anastomosis, see Intestines; Ureter, reimplantation; Ureter, ureteroneocystostomy
Anatomy, see various organs and regions
Anderson, E. E., see R. D. Ensor, jt. auth.
Anesthesia, see also various procedures under Bladder, Kidney, etc.
Anesthesia, hemorrhage and prostatectomy, 774
Angiography, see also Arteries and veins; Arteriography fistula, intrarenal arteriovenous
Angiography, adrenal, 3
Angiography, demonstration of kidney artery origins of testicular arteries in case of horseshoe kidney, 274
Angiography, naked calyx sign, 27
Angiography, value in diagnosis of renovascular blood pressure, 119
Angiography, value in diagnosis of renovascular hypertension, 119
Angiography, value in establishing kidney tumor size and invasiveness, 272
Angiography, value in polycystic kidney, 24
Angiography, value in study of hemangiopericytoma, 436
Anhalt, M. and Scott, R., Jr. Primary unilateral renal actinomycosis: case report, 126
Animal research, see Baboon, Dog, Rabbit, etc.
Anomaly, see also Anus, imperforate; Arteries and veins; Hermaphroditism; Intersex; Kidney, ectopia; Kidney, horseshoe; Ureter, ectopia; Ureter, ureterocele, etc.
Anomaly, hypospadias and cryptorchism associated with Wilms tumor, 86
Ansell, J. S., see W. H. Chapman, jt. auth.
Antell, H. I., see A. G. Krohn, jt. auth.
Antibiotics, see Reflux; Urinary tract, infection, etc.
Antibodies, see Blood
Anus, imperforate, urogenital anomalies and complications, 810
Aorta, see Arteries and veins
Apparatus, see Armamentarium
Areal cystitis, see Bladder, cystitis
Arduino, L. J. Scalene node excision-biopsy in stages 3 and 4 carcinoma of prostate: background notes and preliminary report, 458
Armamentarium, accessories for visual passage of filiforms through urethral stricture, 480
Armamentarium, Albert and Persky declotting device for arteriovenous shunts, 9
Armamentarium, Cass and Ireland catheter for measuring ureteral tunnel, 737
Armamentarium, Malecot catheter, use in nephrostomy, 425
Armamentarium, Peters mechanical prosthesis of silicone rubber to aid voiding, 215
Armamentarium, Redivac tube, use in nephrostomy, 425
Armamentarium, Reid self-retaining bladder neck spreader for retropubic prostatectomy, 452
Armed Forces Institute of Pathology, study of kidney adenoma, histologic assessment and clinical prognosis, 31
Arteries and veins, see also Angiography; Fistula; Kidney, transplantation
Arteries and veins, angiographic demonstration of kidney artery origins of testicular arteries in horseshoe kidney, 274
Arteries and veins, angiography, see Angiography
Arteries and veins, arteriography, see Arteriography
Arteries and veins, bilateral ureteral obstruction secondary to aortic aneurysm, 732
Arteries and veins, compensatory renal hypertrophy, role of immediate vascular changes in its production, 564
Arteries and veins, congenital arteriovenous renal aneurysm, 290
Arteries and veins, declotting device for arteriovenous shunts, 9
Arteries and veins, diagnostic and predicative value of renal vein renin activity in renovascular hypertension, 702
Arteries and veins, estrogen therapy and coronary artery disease, 84
Arteries and veins, intrarenal arteriovenous fistula, see Fistula
Arteries and veins, multiple renal arteries on angiography, 27

Arteries and veins, preoperative tumor localization by adrenal venography in primary aldosteronism, 521
Arteries and veins, radial arteriovenous fistula as a substitute for conventional external prosthesis in maintenance hemodialysis, 5
Arteries and veins, reversal of arterial hypertension due to bilateral renal abnormality by portacaval transposition, 544
Arteries and veins, surgery for kidney cell carcinoma, 414
Arteries and veins, venacavography, see Venacavography
Arteriography, see Angiography; Arteries and veins; Cardiovascular system, high blood pressure
Arteriosclerosis, see Cardiovascular system
Ascites, chylous, 343
Ascorbic acid, role in prevention of bladder tumor formation in mouse, 155
Assay in renin-angiotensin system, see Renin-angiotensin system
Assay of renal vein renin, value in diagnosis of renovascular high blood pressure, 702
Association for Voluntary Sterilization, see Vas deferens
Atherosclerosis, see Cardiovascular system
Automobile accident, separation of prostate from membranous urethra, 104
Awad, J. A., Brassard, A., Binet, J. and Caron, W-M. Pulmonary and cardiac assistance during hemodialysis. An experimental method for the oxygenation of the blood and the support of the heart during extracorporeal dialysis, 388

Ayers, C. R., see E. A. Orzeck, jt. auth.

Babies, see Urology, pediatric
Baboon, extrarenal and renal erythropoietin levels in intact, anephric or renal allotransplanted state, 686
Baboon, kidney autotransplantation without ureteral division, 577
Backflow, see Reflux
Bacteriology, see Kidney, pyelonephritis; Urinary tract, infection
Badenoch pull-through procedure, 104
Bagnasco, F. M., see J. G. Rabinowitz, jt. auth.
Baker, J. J., see I. M. Thompson, jt. auth.
Balodimos, M. C., see S. N. Plevin, jt. auth.
Banowsky, L. H. and Shultz, G. N. Sarcoma of the spermatic cord and tunics: review of the literature, case report and discussion of the role of retroperitoneal lymph node dissection, 628
Barris, L. R., see S. S. Siegelman, jt. auth.
Baseball, urogenital tract injury, see Testis, injury, etc.
Battey bacillus associated with granulomatous disease of kidney, 403
Baxter Laboratories, plexitron R41 intravenous tubing, 9
Beck, A. D. The Hryntschak prostatectomy: II. A late review of 179 cases, 778
Beck, A. D. and Gaudin, H. J. The Hryntschak prostatectomy. I. A review of 1,346 cases, 637
Becker, J. A., Shimkin, P. and Kanter, I. E. Renal angiography: tumor size and invasiveness, 272
Belitsky, P., Elhilali, M. M., Oliver, J. A. and MacKinnon, K. J. Serum lactate dehydrogenase isoenzyme changes in carcinoma of the prostate, 770
Bender, L. and Kass, M. Periureteral lipomatosis: case report, 293
Benson, R. C. Retropubic vesicourethropexy (guest editorial), 1
Biegel, A. A. and Donohue, J. P. Tissue typing for transplantation: a progress report, 569
Bielitz, U., see R. Von Berswordt-Wallrabe, jt. auth.
Bilbisi, A. A, see R. J. Currie, jt. auth.
Binet, J., see J. A. Awad, jt. auth.
Biopsy, kidney, mannitol therapy followed by focal osmotic nephrosis, 11
Biopsy, kidney, unusual complications, 15
Biopsy, kidney, urologic complications in children, 332
Biopsy, prostatic, scalene node excision-biopsy in stages 3 and 4 carcinoma, 458
Birdsong, M., see J. Y. Gillenwater, jt. auth.
Bitker, M., see R. Küss, jt. auth.
Bladder, bilharziasis, results of intestino-cystoplasty, 53
Bladder, bypassed during urine diversion, subsequent management, 612
Bladder, combined use of bladder flap and transureteroureterostomy, 50
Bladder, cystectomy for complications of bladder left behind in urine diversion, 612
Bladder, cystectomy for urethral carcinoma, see Bladder, new growths
Bladder, cystectomy, prostatectomy and seminal vesiculectomy for polypoid rhabdomyosarcoma, 227
Bladder, cystitis, areal, simulated by in situ carcinoma, 160
Bladder, cystitis associated with urethral diverticulum, 174
Bladder, cystitis, caused by urethral-hymenal fusion, 441
Bladder, cystitis cystica in childhood, 657
Bladder, cystitis, interstitial, see Bladder, interstitial cystitis

Bladder, cystitis, urethrotomy, 429
Bladder, cystourethrography, see Cystourethrography
Bladder, drainage, tubeless, difficulties in children with meningomyelocele, 341
Bladder, dynamics, see Urodynamics
Bladder, electrical stimulation, 815
Bladder, electron microscopy of urothelial lining, 300
Bladder, emptying, see Bladder, incontinence; Micturition; Prostate, etc.
Bladder, enlargement associated with diabetes insipidus, 327
Bladder, epithelium, electron microscopy, 300
Bladder, epithelium, value in reconstruction of ablated ureter, 300
Bladder, incontinence caused by ectopic ureterocele, 222
Bladder, incontinence corrected by Lapides principle, 496
Bladder, incontinence following prostatectomy, management by tubular cutaneous flap, 202
Bladder, incontinence following surgical procedures, management, 615
Bladder, incontinence in pseudohermaphrodite corrected by Lapides principle, 496
Bladder, incontinence, vesicourethropexy, 1
Bladder, infant-type causing persistence of urinary infection in girls, 243
Bladder, infection, role of urethral mucus in defense mechanism, 165
Bladder, interstitial cystitis, etiology, 307
Bladder, intestino-cystoplasty, see Intestines
Bladder, intractable hemorrhage treated by cryosurgery, 606
Bladder, mucosa, use as free graft for patch urethroplasty, 69
Bladder, neurogenic, see also Bladder, paralysis
Bladder, neurogenic, cause of urinary tract infection, 243
Bladder, neurogenic dysfunction associated with meningomyelocele, difficulties with vesicostomy, 341
Bladder, neurogenic dysfunction, ileal conduit urinary diversion, 491
Bladder, neurogenic, results of intestino-cystoplasty, 53
Bladder, neurogenic, technique and results of external sphincterotomy, 64
Bladder, new growths, carcinoma, cytology, see Cytology
Bladder, new growths, carcinoma in situ, 160
Bladder, new growths, carcinoma, more accurate staging by electron microscopy, 432
Bladder, new growths, carcinoma, results of intestino-cystoplasty, 53
Bladder, new growths, carcinoma, role of ascorbic acid in prevention of tumor formation in mouse, 155
Bladder, new growths, carcinoma, ultraviolet cystoscopy, see Cystoscopy
Bladder, new growths, cystectomy, carcinoma metastasizing to urethra, 314
Bladder, new growths, electro-resection, transurethral, 160
Bladder, new growths, fulguration, transurethral, 160
Bladder, new growths, lymphoma, 310
Bladder, new growths, papilloma, results of intestino-cystoplasty, 53
Bladder, new growths, rhabdomyosarcoma, 227
Bladder, paralysis, see also Bladder, neurogenic
Bladder, paralysis, external sphincterotomy, technique and results, 64
Bladder, paralysis, results of intestino-cystoplasty, 53
Bladder, partial immobilization, an important adjunct to ureteroneocystostomy, 147
Bladder, pressure studies, see Urodynamics
Bladder, reflux, see Reflux
Bladder, segmental resection, see Bladder, new growths
Bladder, stress incontinence, see Bladder, incontinence
Bladder, trigonal-ileal anastomosis, 746
Bladder, tube flap principle for correction of incontinence, 496
Bladder, tuberculous, results of intestino-cystoplasty, 53
Bladder, ureteroneocystostomy, see Ureter, reimplantation; Ureter, ureteroneocystostomy
Bladder, ureterovesical anastomosis, see Ureter, reimplantation; Ureter, ureteroneocystostomy
Bladder, vesicostomy in children with meningomyelocele, difficulties, 341
Bladder, vesicourethropexy, 1
Bleeding, see also Blood, Hemic and lymphatic system
Bleeding from prostatic fossa following suprapubic enucleation of adenoma, 200
Blennerhassett, J. B., see K. J. MacKinnon, jt. auth.
Blood, bladder antibodies in interstitial cystitis, 307
Blood, hemophilia (factor VIII deficiency), hematuria and urological intervention, 421
Blood, hemorrhage, bladder, effect of cryosurgery, 606
Blood, hemorrhage during prostatectomy, influence of anesthesia, 774
Blood, incidence of elevated acid phosphatase values in prostatic infarction, 765
Blood, loss during surgery, see specific names of operations under various organs, i.e. Kidney, nephrectomy; Prostate, prostatectomy, etc.
Blood pressure, see Cardiovascular system
Blood, septicemia, effect of nalidixic acid, 476

XUM

Blood, serum and urine levels following parenteral administration of sodium colistimethate to normal individuals, 210
Blood, serum lactate dehydrogenase isoenzyme changes in prostatic carcinoma, 770
Blood, transfusions during prostatectomy, 774
Blood, volume, cardiac output, central venous pressure, fluid and electrolyte changes following transurethral prostatic resection, 632
Blood volume changes following transurethral prostatic resection, 632
Bloodstream, see also Cardiovascular system, Dialysis
Bloodstream, radial arteriovenous fistula as substitute for conventional external prosthesis in maintenance hemodialysis, 5

CONTENTS

NUMBER 1. JANUARY

Retropubic Vesicourethropexy (Editorial). *R. C. Benson* 1
Virilizing Adrenal Adenoma: Report of Case Investigated Angiographically. *E. A. Kupic and W. M. Eddy* 3
Radial Arteriovenous Fistula as Substitute for Conventional External Prosthesis in Maintenance Hemodialysis. *J. M. Hodson, A. D. Menno and J. McMahon* 5
Simple Declotting Device For Arteriovenous Shunts. *D. J. Albert and L. Persky* 9
Focal Osmotic Nephrosis Due to Therapeutic Use of Mannitol: Case of Perirenal Hematoma After Renal Biopsy. *W. E. Goodwin and H. Latta* 11
Unusual Complications of Kidney Biopsy. *G. L. River, W. V. Dovenbarger, T. F. Nikolai and N. A. Moffat* 15
Renal Milk-of-Calcium Collection: Review of Literature and Report of Case. *R. M. Pomerantz, L. P. Kirschner and H. L. Twigg* 18
Nephrogram in Polycystic Disease: Important Radiographic Sign. *M. Halpern, G. Dalrymple and J. Young* 21
Angiography in Polycystic Disease of Kidneys. *S. H. Cornell* 24
Incomplete Renal Angiography: Naked Calyx Sign. *S. S. Siegelman, P. Agahan and L. R. Barris* 27
Histologic Assessment and Clinical Prognosis of Renal Adenoma. *G. P. Murphy and F. K. Mostofi* 31
Scientific Concept of Ureteral Innervation: Will It Become Urologic Concept? *P. Labay, S. Boyarsky, O. Duarte-Escalante and J. H. Grimes* 37
Bilateral Ureteral Obstruction Due to Mucoid Plugs One Year After Ileal Conduit. *F. C. Derrick, Jr* 41
Lymphocyst: Unusual Cause of Ureteral Obstruction. *D. P. Griffith and C. E. Carlton* 43
Retroperitoneal Malignancy Masquerading as Benign Retroperitoneal Fibrosis. *G. L. Nitz, C. B. Hewitt, R. A. Straffon, W. S. Kiser and B. H. Stewart* 46
Combined Use of Bladder Flap and Transureteroureterostomy. *W. L. Weems* 50
Indications and Early and Late Results of Intestino-Cystoplasty: Review of 185 Cases. *R. Küss, M. Bitker, M. Camey, C. Chatelain and J. P. Lassau* 53
External Sphincterotomy in Paraplegics: Technique and Results. *R. J. Currie, A. A. Bilbisi, J. C. Schiebler and R. C. Bunts* 64
Reconstruction of Urethra for Stricture: Description and Evaluation of Technique. *P. Omo-Dare* 69
Natural History of Peyronie's Disease. *J. L. Williams and G. G. Thomas* 75
Traumatic Rupture of Testicle. *J. W. Merricks and F. B. Papierniak* 77
Carcinosarcoma of Prostate with Metastasis of Both Elements. *J. R. Haddad and E. C. Reyes* 80
Estrogen Therapy and Coronary Artery Disease: Experimental Studies in Pigeons. *K. A. Hanash, B. A. Kottke, J. V. Souadjian, L. F. Greene and J. L. Titus* 84

Pediatric Urology

Wilms Tumor Demonstrating Onset and Rapid Growth. *J. G. Rabinowitz and F. M. Bagnasco* 86
Longitudinal Folds as Indirect Sign of Vesicoureteral Reflux. *I. Silber and W. H. McAlister* 89
Cystourethrography: Methodology, Normal Anatomy and Pathology. *C. E. Shopfner* 92
Micro-Penis Following Badenoch Pull-Through Procedure. *R. Judd and J. P. Donohue* 104
Retinal Anlage Tumor of Epididymis. *R. M. Zone* 106

NUMBER 2. FEBRUARY

Renal Function Studies in Detection of Renal Hypertension. *A. E. Turman, J. H. Foster, J. Oates, R. K. Rhamy, E. C. Klatte, W. A. Pettinger, H. Burko, R. Younger and H. W. Scott, Jr* 115
Are Divided Function Studies Necessary in Treatment of Renovascular Hypertension? *V. J. O'Conor, Jr. and N. M. Simon* 119
Primary Unilateral Renal Actinomycosis. *M. Anhalt and R. Scott, Jr* 126
Surgical Management of Renal Stones with Emphasis on Infundibulotomy. *W. S. Kerr, Jr* 130
Pathology of Adynamic Distal Ureteral Segment. *K. J. MacKinnon, J. W. Foote, F. W. Wiglesworth and J. B. Blennerhassett* 134
Techniques of Cutaneous Ureterostomy and Results in 51 Patients. *R. A. Straffon, K. Kyle and J. Corvalan* 138
Partial Vesical Immobilization: Important Adjunct to Ureteroneocystostomy. *G. R. Prout, Jr. and W. W. Koontz, Jr* 147
Mineral Oil in Treatment of Selected Patients with Infected Residual Urine. *J. E. Dees* 152

Role of Ascorbic Acid in Prevention of Bladder Tumor Formation. *J. U. Schlegel, G. E. Pipkin, R. Nishimura and G. N. Shultz* 155
Plight of Patient With Carcinoma in Situ of Bladder. *D. C. Utz, K. A. Hanash and G. M. Farrow* 160
Role of Urethral Mucus in Bladder Defense Mechanism. *J. A. Hutch* 165
Histologic Effects of Dilation and Internal Urethrotomy on Canine Urethra. *I. M. Thompson and J. J. Baker* 168
Urethral Diverticulum: Recondite Disease. *D. E. Newland, J. H. Patterson and D. W. Hofsess* 174
Male Urethral Cancer: Report of 15 Cases Including Primary Melanoma. *G. A. Guinn and A. G. Ayala* 176
Progesterone and Ventral Prostate Gland in Juvenile Rats. *R. von Berswordt-Wallrabe, U. Bielitz, W. Elger and H. Steinbeck* 180
Chronic Bacterial Prostatitis and Diffusion of Drugs Into Prostatic Fluid. *T. A. Stamey, E. M. Meares, Jr. and D. G. Winningham* 187
Case for Radical Perineal Prostatectomy. *H. J. Jewett* 195
Prostatic Fossa Packing Via Cystostomy Tube: Aid to Hemostasis in Selected Cases. *H. Grabstald* 200
Management of Urinary Incontinence Following Prostatectomy by Procedure of Tubular Cutaneous Flap: Preliminary Note of Operative Technique. *F. Ivanovici and D. Bocancea* 202
Urinary Infection: Review of 16,154 Consecutive Patients. *P. F. Albuquerque, R. F. Forster, O. Salles and C. A. Cury* 205
Serum and Urine Levels Following Parenteral Administration of Sodium Colistimethate to Normal Individuals. *J. Froman, L. Gross and S. Curatola* 210
Mechanical Prosthesis to Aid Voiding. *P. C. Peters* 215

Pediatric Urology

Current Treatment of Wilms Tumor. *A. C. Uson, J. A. Wolff and P. Tretter* 217
Ectopic Ureterocele as Cause of Urinary Incontinence. *G. W. Leadbetter, Jr.* 222
Polypoid Rhabdomyosarcoma of Bladder in Children. *W. D. Jarman and J. C. Kenealy* 227
Male Intersexuality and Damage to Upper Urinary Tract. *R. G. Bunge* 232
Revision of External Urinary Meatus in Girls: Clinical Appraisal. *B. M. Harvard* 236
Persistence of Infant Bladder as Cause for Urinary Infection in Girls. *J. Lapides and A. C. Diokno* 243

1969–1970 Officers and Executive Committee of American Urological Association, Inc., Officers and Executive Committees of Component Sections and Officers and Executive Committees of Branch Societies 249
Notices 251

NUMBER 3. MARCH

Sequential Changes in Bulk Renal Protein and Polyribosomes in Acutely Obstructed Mouse Kidney. *D. F. Paulson and E. E. Fraley* 257
Chronic Renal Failure From Urological Diseases: Treatment by Sodium Balancing and Low-Protein Diet of High Biological Value. *H. P. McDonald, Jr. and R. K. Waterhouse* 262
Drip Infusion Urography in Patients With Renal Disease. *R. D. Ensor, E. E. Anderson and R. R. Robinson* 267
Renal Angiography: Tumor Size and Invasiveness. *J. A. Becker, P. Shimkin and I. E. Kanter* 272
Angiographic Demonstration of Renal Artery Origins of Testicular Arteries in Case of Horseshoe Kidney. *A. B. Dew and H. M. Saxton* 274
Urinary Obstruction Due to Renal Cysts. *A. T. Evans and J. P. Coughlin* 277
Ultrasound as Diagnostic Aid for Renal Neoplasms and Cysts. *W. R. Schreck and J. H. Holmes* 281
Repair of Intrarenal Arteriovenous Fistula With Preservation of Kidney. *W. S. Tunner, R. G. Middleton, R. W. Watson and V. F. Marshall* 286
Congenital Arteriovenous Aneurysm of Kidney. *A. J. Salzman and H. D. Axilrod* 290
Periureteral Lipomatosis. *L. Bender and M. Kass* 293
Ureteropyelostomy for Relief of Single Ureteral Obstruction Due to Retroperitoneal Fibrosis in Patient With Ureteral Duplication. *A. D. Amar* 296
Ectopic Ureter, Ipsilateral Vas Deferens and Seminal Vesicle Agenesis and Associated Dermoid Cyst. *C. R. Sargent, E. S. Amis, Jr. and C. E. Carlton, Jr.* 298
Electron Microscopic Study of Transplanted Urothelium. *A. P. Hovnanian and R. Fresco* 300
Bladder Antibodies in Interstitial Cystitis. *M. R. Silk* 307
Primary Malignant Lymphoma of Bladder. *A. M. Santino, E. J. Shumaker and J. Garces* 310
Surgical Management of Urethral Carcinoma Occurring After Cystectomy. *D. E. Johnson and G. A. Guinn* 314

XUM

Parasacral Approach for Repair of Vesico-Urethro-Vaginal Fistula. *T. R. Hakala* 317
Diagnosis of Prostatic Obstruction by Measurement of Urethral Resistance to Flow. *D. Lenaghan* 320
Dilatation of Urinary Tract Associated With Pituitary and Nephrogenic Diabetes Insipidus. *A. D. Manson, P. A. Yalowitz, R. V. Randall and L. F. Greene* 327

Pediatric Urology

Urologic Complications in Percutaneous Renal Biopsy in Children. *L. Karafin, A. R. Kendall and D. S. Fleisher* 332
Hypernephroma in Childhood. *A. D. Manson, E. H. Soule, S. D. Mills and J. H. DeWeerd* 336
Difficulties With Vesicostomies in 15 Children With Meningomyelocele. *G. W. Ireland and R. W. Geist* 341
Chylous Ascites. *J. B. Roy, M. Abdulian and K. N. Walton* 343
Significance of Urinary Tract Infection in Girls in Absence of Vesicoureteral Reflux. *S. J. Klein, M. R. Carlin and W. T. Bowles* 345
Urinary Tract Infections in Girls: Prevalence of Spina Bifida Occulta. *C. B. Manley and R. S. Frech* 348
Recurrent Urinary Tract Infection in Female Child Secondary to Partial Imperforate Hymen. *J. F. Stewart* 353
Voiding Cystourethrography Under Anesthesia. *J. Downing, R. Mannion and J. Sanchez* 357

NUMBER 4. APRIL

Symposium by Educational Committee. *W. H. Boyce, R. H. Flocks, W. F. Leadbetter, J. H. McDonald, F. Hinman, Jr., J. K. Lattimer, J. T. Grayhack, G. D. Whedon and L. N. Pyrah* 365
Pulmonary and Cardiac Assistance During Hemodialysis. Experimental Method for Oxygenation of Blood and Support of Heart During Extracorporeal Dialysis. *J. A. Awad, A. Brassard, J. Binet and W-M. Caron* 388
Use of ^{99m}TC Labeled Sulfur Colloid to Study Particle Dynamics in Urinary Tract. II. Routes of Removal From Renal Pelvis in Normal and Pyelonephritic Kidneys. *J. N. Corriere, Jr., L. I. Lipshultz, F. N. Judson and J. J. Murphy* 393
Effect of Irradiation on Renal Enlargement Following Uninephrectomy in Rabbit. *W. L. Caldwell, H. Hattori and R. K. Rhamy* 399
Renal Disease Associated With Atypical Mycobacteria: Battey Type. *H. Newman* 403
Extrarenal Calyces in Ectopic Kidney. *S. P. Dretler, R. Pfister and W. H. Hendren* 406
Secondary Tumors of Kidney. *J. B. Roy and K. N. Walton* 411
Surgery for Renal Cell Carcinoma in Vena Cava. *V. F. Marshall, R. G. Middleton, G. R. Holswade and E. I. Goldsmith* 414
Hemophilia, (Factor VIII Deficiency) Hematuria and Urological Intervention. *D. J. Albert, T. S. Zimmerman, S. A. Mahoney and L. Persky* 421
Two Techniques for Nephrostomy. *M. Gear and J. C. Smith* 425
Obstructing Intrinsic Granuloma of Ureter. *G. M. Litzky and R. F. Seidel* 426
Operative Treatment of Chronic Cystitis by Urethrotomy: 10 Years of Experience. *W. A. Keitzer and J. S. Allen* 429
More Accurate Staging of Bladder Cancers Through Electron Microscopy. *M. Tannenbaum, R. J. Veenema and J. K. Lattimer* 432
Paravesical Hemangiopericytoma. *T. R. Hakala, D. Page and D. J. Fleischli* 436
Urethral-Hymenal Fusion: Cause of Chronic Adult Female Cystitis. *J. F. Reed, Jr.* 441
Massive Hemoperitoneum Resulting From Rupture of Seminoma in Undescended Testicle. *G. L. Watkins* 447
Interstitial Cell Tumor of Testis. *G. B. Hopkins* 449
Self-Retaining Bladder Neck Spreader for Retropubic Prostatectomy. *R. E. Reid* 452
Experimental Study in Lethal Freezing Temperatures of Prostate Gland. *J. A. Dow and K. Waterhouse* 454
Scalene Node Excision-Biopsy in Stages 3 and 4 Carcinoma of Prostate: Background Notes and Preliminary Report. *L. J. Arduino* 458
Acid Phosphatase Levels in Bone Marrow: Value in Detecting Early Bone Metastasis From Carcinoma of Prostate. *D. T. Chua, R. J. Veenema, F. Muggia and A. Graff* 462
Relationship of Estrogen Therapy for Carcinoma of Prostate to Atherosclerotic Cardiovascular Disease: Clinicopathologic Study. *K. A. Hanash, W. F. Taylor, L. F. Greene, B. A. Kottke and J. L. Titus* 467
Similar Virus-Like Particles Found in Cancers of Prostate and Breast. *M. Tannenbaum and J. K. Lattimer* 471
Intravenous Nalidixic Acid in Urogenital Sepsis: Report of 25 Courses. *H. H. Zinsser and A. L. Doenecke* 476
Accessories for Visual Passage of Filiforms Through Urethral Strictures. *F. Hinman, Jr. and M. LaGree* 480
Law Concerning Voluntary Sterilization as it Affects Doctors. *M. MacKay and H. Edey* 482

Pediatric Urology

Experience With Ureteral Reimplantation in Treatment of Recurring Urinary Infections in Childhood. *S. E. Price, Jr., S. H. Johnson, III and M. Marshall, Jr.* 485
Ileal Conduits in Children. *R. M. McCoy and R. K. Rhamy* 491
Adaptation of Lapides Principle for Incontinence Due to Anatomical Defects. *J. R. Rinker and R. Witherington* 496
Adrenogenital Syndrome Producing Female Pseudohermaphroditism With Phallic Urethra. *J. Y. Gillenwater, A. W. Wyker, M. Birdsong and W. N. Thornton* 500

Program of Annual Meeting, American Urological Association 505
Program of Seminar for Urological Nurses and Technicians 513

NUMBER 5. MAY

Preoperative Tumor Localization by Adrenal Venography in Patients With Primary Aldosteronism: Comparison With Operative Findings. *J. C. Cerny, R. M. Nesbit, J. W. Conn, J. J. Bookstein, D. R. Rovner, E. L. Cohen, C. P. Lucas, A. Warshawsky and T. Southwell* 521
Left Adrenal Aldosterone Producing Tumor With Congenitally Absent Right Adrenal Gland. *E. A. Orzeck, C. R. Ayers and M. P. Walzak, Jr.* 529
Computerized Compartmental Renograms to Study Kidney Function. *R. E. Linnemann, M. K. Loken and C. Markland* 533
Perinephric Abscess in Diabetic Patients. *S. N. Plevin, M. C. Balodimos and R. F. Bradley* 539
Reversal of Arterial Hypertension Due to Bilateral Renal Abnormality by Portacaval Transposition. *D. T. Schwartz* 544
Diagnosis of Renal Hypertension Using Renal Activity and Renal Vein Pressor Assay. *W. H. Chapman, D. J. O'Brien, J. W. McRoberts and J. S. Ansell* 549
Tissue Culture of Human Renal Cell Carcinoma: Effect of Serum on Monolayer Growth. *B. Shore, G. J. Wise, R. A. McBride and H. Brendler* 554
Compensatory Renal Hypertrophy: Role of Immediate Vascular Changes in its Production. *A. G. Krohn, B. B. K. Peng, H. I. Antell, S. Stein and K. Waterhouse* 564
Tissue Typing for Transplantation. *A. A. Biegel and J. P. Donohue* 569
Assessment of Function in Transplanted Kidney With ^{131}I Hippuran. *A. Rodriguez-Antunez, W. M. Gill, Jr. and T. A. Egleston* 574
Renal Autotransplantation Without Ureteral Division. *J. C. Whitsell, II, E. I. Goldsmith and H. Nakamura* 577
Contiguous Helix Ureteral Lengthening Flap for Repair of Ureteral Injury. *J. A. Santiago and E. C. Sacher* 583
Primary Carcinoma of Ureter: Report of 102 New Cases. *N. A. Bloom, R. A. Vidone and B. Lytton* 590
Urinary Particle Dynamics and Vesicoureteral Reflux in Human. *J. N. Corriere, Jr. T. P. Sanders, D. E. Kuhl, H. W. Schoenberg and J. J. Murphy* 599
Vesicoureteral Reflux in Adults. *R. C. Estes and R. T. Brooks* 603
Intractable Bladder Hemorrhage Treated by Cryosurgery: Preliminary Report. *W. G. Cahan, Y. Adam, R. A. MacKenzie, A. Brockunier and D. G. Clark* 606
Management of Bladder Left Behind. *M. Gross and C. A. Moore* 612
Surgical Management of Postoperative Incontinence. *M. Gross* 615
Combination Chemotherapy of Testicular Tumors. *D. Mendelson and A. A. Serpick* 619
Metastatic Tumors of Epididymis. *T. L. Wachtel and D. J. Mehan* 624
Sarcoma of Spermatic Cord and Tunics: Review of Literature, Case Report and Discussion of Role and Retroperitoneal Lymph Node Dissection. *L. H. Banowsky and G. N. Shultz* 628
Observations on Cardiac Output, Blood Volume, Central Venous Pressure, Fluid and Electrolyte Changes in Patients Undergoing Transurethral Prostatectomy. *W. K. Mebust, T. W. Brady and W. L. Valk* 632
Hryntschak Prostatectomy I. Review of 1,346 Cases. *A. D. Beck and H. J. Gaudin* 637
Radical Retropubic Prostatectomy in Treatment of Prostatic Carcinoma. *A. A. Kopecky, T. Z. Laskowski and R. Scott, Jr.* 641
Hypogonadism in Chromatin-Negative Phenotypic Male Subjects. *J. P. Donohue* 645

Pediatric Urology

Successful Treatment of Inoperable Hypernephroma in Childhood. *W. T. Fagan, Jr. and C. W. Clark* 652
Cystitis Cystica in Childhood. *G. W. Kaplan and L. R. King* 657
Hypospadias—One-Stage Repair Without Skin Graft Based on New Principle: Chordee is Sometimes Produced by Skin Alone. *L. R. King* 660
Hypospadias: Review of Repairs in 78 Pre-School Children. *L. R. King, B. A. Mellow and W. L. Lowry* 663
Prune Belly Syndrome: Diagnostic Therapeutic Plan. *R. S. Waldbaum and V. F. Marshall* 668

NUMBER 6. JUNE

Experimental Renal Preservation. *D. C. Martin, G. Smith and D. O. Fareed* 681
Extrarenal and Renal Erythropoietin Levels in Human Beings and Experimental Animals in Intact, Anephric or Renal Allotransplanted State. *G. P. Murphy, E. A. Mirand, G. M. Kenny, S. Niemat and W. J. Staubitz* 686
Surgical Treatment of Renal Arteriovenous Fistulas: Report of 5 Cases. *W. V. Tynes, C. J. Devine, Jr., P. C. Devine and E. F. Poutasse* 692
Comparison of External and Internal Arteriovenous Fistulas in Chronic Renal Dialysis Program. *G. P. Murphy, J. W. Mostert, H. Takagi, G. J. Hardner and G. M. Kenny* 699
Diagnostic and Predicative Value of Renal Vein Renin Activity in Renovascular Hypertension. *J. J. Kaufman, A. N. Lupu and M. H. Maxwell* 702
Malacoplakia of Kidney: Great Impersonator. *O. S. Miller and F. M. Finck* 712
Etiology of Pyelonephritis: Significance of Hemolytic Escherichia Coli. *F. A. Fried and R. J. Wong* 718
Observations on Vesicoureteral Reflux and Chronic Pyelonephritis in Adults. *C. Servadio and A. Shachner* 722
Ureteral Triplication With Ectopia. *R. M. Parker, D. R. Pohl and J. R. Robison* 727
Bilateral Ureteral Obstruction Secondary to Aortic Aneurysm. *L. V. Wagenknecht and P. O. Madsen* 732
Catheter for Measuring Ureteral Tunnel. *A. S. Cass and G. W. Ireland* 737
Urodynamics in Transureteroureterostomy. *P. J. Dudzinski, M. R. Painter and E. L. Lewis* 738
Ureteroneocystostomy: Mucosal Trough Technique. *I. M. Fielding, A. P. Sutton and H. R. Newman* 740
Trigonal-Ileal Anastomosis: Experimental Studies. *H. S. Pond and J. H. Texter, Jr* 746
Urethral Flap Urethroplasty. *I. M. Thompson, G. Ross, Jr. and D. Ray* 753
Primary Carcinoma of Cowper's Gland. *J-L. Bourque, A. Charghi, G-E. Gauthier, G. Drouin and J. Charbonneau* 758
Primary Lymphosarcoma of Testis. *A. V. Shivde and R. V. Junnarkar* 762
Incidence of Elevated Acid Phosphatase in Prostatic Infarction. *I. Silber, J. Rosai and J. J. Cordonnier* 765
Viral Prostatitis. *P. M. Morrisseau, C. A. Phillips and G. W. Leadbetter, Jr* 767
Serum Lactate Dehydrogenase Isoenzyme Changes in Carcinoma of Prostate. *P. Belitsky, M. M. Elhilali, J. A. Oliver and K. J. MacKinnon* 770
Anesthesia, Hemorrhage and Prostatectomy. *A. W. Zorgniotti, D. J. Narins and S. L. Dell'Aria* 774
Hryntschak Prostatectomy: II. Late Review of 179 Cases. *A. D. Beck* 778
Observations on Smooth Muscle Disposition in Urinary Tract. *C. Van den Bulcke, E. N. Keen and H. Fine* 783

Pediatric Urology

Temporary Cutaneous Loop Ureterostomy. *J. D. Maloney and J. P. Smith* 790
Theory of Maturation: Critique. *R. P. Lyon, S. Marshall and E. A. Tanagho* 795
Posterior Urethral Valves: Evaluation and Surgical Management. *R. S. Waldbaum and V. F. Marshall* 801
Urogenital Anomalies and Complications Associated With Imperforate Anus. *J. W. Hall, E. S. Tank and J. Lapides* 810
Electrical Stimulation in Urology. *W. F. Melick* 815

INDEX

Abdomen, see also Peritoneum, etc.
Abdomen, co-existing abdominal and scrotal hydroceles, 141
Ablin, R. J., see W. A. Soanes, jt. auth.
Abnormality, see Anomaly; Hermaphroditism; Testis, torsion; Urethra, hypospadias, etc.
Accidents, see Kidney, injury; Urethra, injury, etc.
Ackerman, E., see R. Ross, Jr., jt. auth.
Addonizio, J., see S. H. Corwin, jt. auth.
Adrenal, angiography, see Angiography
Adrenal, cyst, preoperative diagnosis, 787
Adrenal, new growths, pheochromocytomas, extra-adrenal, causing ureteral obstruction, 337
Air, use in cystometry, 104
Albers, D. D., see P. E. Donat, jt. auth.
Albert, D. J., see L. Persky, jt. auth.
Allen, J. E., see G. M. Kenny, jt. auth.
Allen, L. E. and Applegate, G. Arteriovenous shunts in the thigh for hemodialysis, 803
Allen, S. D., see J. L. Marmar, jt. auth.
Allen, T. D. Congenital ureteral strictures, 196
Altug, K., see H. Z. Konuralp, jt. auth.
American Urological Association, see also Journal of Urology
American Urological Association and medical care crisis, 489
American Urological Association Awards, see Ramon Guiteras Award, Hugh Hampton Young Award
American Urological Association, deaths of members, 225
American Urological Association, President's address, 489
American Urological Association, sections, see New York Section, South Central Section
American Urological Association, seminar sponsored by New York Section, 616
American Urological Association, seminar sponsored by South Central Section, 618
Amin, M., see L. W. Howerton, jt. auth.
Anastomosis, see also Intestines; Kidney, obstruction at ureteropelvic junction; Ureter, obstruction, etc.
Anastomosis, experiments in ureterosigmoidostomy, transureteroureterostomy combined with ureterosigmoidostomy to allow a single ureterocolic anastomosis, 395
Anatomy, see also various organs and regions
Anatomy, functional anatomy of urologic cryosurgical unit and its relation to technique, complications and results of prostatic cryosurgery, 572
Anatomy of prostate, prostatic urethra and urinary sphincter system, 443
Anatomy of testicular appendages, 598
Anatomy of ureter, micro, see Ureter, stricture
Ancona, V. C., see L. A. Johnson, jt. auth.
Anesthesia, see also various operations, i.e. Bladder, cystectomy; Kidney, nephrectomy, etc.
Anesthesia, local, for acute epididymitis, 734
Aneurysm, see Arteries and veins
Anger scintillation camera, see Kidney, transplantation; Renography, etc.
Angiography, correlation with natural history in evaluation of patients with renovascular hypertension, 231
Angiography, shunt, 805
Angiography, value in diagnosis of adrenal cyst, 787
Angiography, value in diagnosis of kidney trauma, 649
Animal research, see Dog, Rabbit, etc.
Anomaly, see also Hermaphroditism; Ureter, stricture; Urethra, hypospadias; Urology, pediatric, etc.
Anomaly, testis, polyorchism associated with anomalous urogenital tract union, 346
Ansell, J. S., see W. H. Chapman, jt. auth.
Antibiotics, see also Chemotherapy; Drugs; Kidney, tuberculosis; Urinary tract, infections; also specific names of drugs
Antibiotics, colistimethate overdosage, 176
Antibiotics, effect on urinary tract infection following transurethral prostatic resection, 163
Antolak, S. J., Jr., see R. W. Geist, jt. auth.
Aortography, see also Arteries and veins, Arteriography, etc.
Aortography, value in diagnosis of kidney pseudotumor, 45
Apparatus, see Armamentarium, Catheters, Drainage, etc.
Applegate, G., see L. E. Allen, jt. auth.
Aptekar, S. J., see I. D. Sood, jt. auth.
Armamentarium, see also Cystourethrography, Scintiscan, Test, etc.
Armamentarium, Anger scintillation camera, see Kidney, transplantation; Renography, etc.
Armamentarium, Babcock clamps, use to reduce paraphimosis, 137
Armamentarium, bladder irrigation, calculation of blood loss, 328
Armamentarium, blood loss calculation in urinary drainage, 328
Armamentarium, cystometry, comparison of slow and rapid fill cystometry using liquid and air, 104
Armamentarium, cystoscopy, improved concept in optics, 542

Armamentarium, dermo-jet, 586
Armamentarium, disposable apparatus for closed bladder tidal drainage, 753
Armamentarium, electric lithotripsy, 834
Armamentarium, electrocautery, value in stopping hemorrhage following radiotherapy or chemotherapy for hemorrhagic cystitis, 707
Armamentarium, electromagnetic flow probe, 89
Armamentarium, electronic instrument for supervising catheters and probes, 916
Armamentarium, external collecting device for urine, used in space program, 898
Armamentarium, heart-lung pump, value in salvage of patient with kidney carcinoma who suffered massive pulmonary embolism during kidney operation, 384
Armamentarium, Linde urologic cryosurgical unit, 572
Armamentarium, Nuclear-Chicago Corporation Pho/gamma scintillation camera system, 2
Armamentarium, pressure transducer and 8-channel recorder, 89
Armamentarium, radiopaque grid for percutaneous kidney biopsy, 646
Armamentarium, silicone rubber splint catheters, value in ureteral obstruction, 386
Armamentarium, test for renovascular hypertension, etc., see Kidney, function; Renin assays in hypertension; Test, etc.
Armamentarium, time-lapse cinematography equipment, 564
Armamentarium, trocar lithoclast for suprapubic lithotripsy, 834
Arteries and veins, see also Blood, Hemic and lymphatic system
Arteries and veins, angiography, see Angiography
Arteries and veins, arteriography, see Arteriography
Arteries and veins, arteriovenous fistula, see Fistula; Kidney, failure; Kidney, transplantation, etc.
Arteries and veins, arteriovenous shunts in thigh for hemodialysis, 803
Arteries and veins, direct arterial implantation into partially nephrectomized kidney, 248
Arteries and veins, injury, traumatic subintimal hemorrhage of the kidney artery, 11
Arteries and veins, renal arterial stenosis, relation to renovascular hypertension, 11
Arteries and veins, scintillation camera in embolic acute renal failure, 799
Arteries and veins, stenosis of kidney artery, 497
Arteries and veins, traumatic perivesical hematoma, late sequela of false ileac aneurysm, 271
Arteries and veins, traumatic subintimal hemorrhage of the kidney artery, 11
Arteries and veins, unilateral kidney vein thrombosis and nephrotic syndrome, 502
Arteries and veins, venacavography, see Venacavography
Arteriography, see also Arteries and veins, etc.
Arteriography of kidney tumors for staging of tumor and as vehicle for selective delivery of chemotherapeutic agents and infarct implant of radioactive material to tumor, 16
Arteriography, value in diagnosis of embolic acute kidney failure, 799
Arteriography, value in diagnosis of kidney pseudotumor, 45
Arteriography, value in diagnosis of traumatic subintimal hemorrhage, 11
Arteriography, value in preoperative diagnosis of adrenal cyst, 787
Arteriovenous shunts, see Arteries and veins; Dialysis; Kidney, transplantation, etc.
Asano, M. Abnormal hydrodynamics during vesicoureteral regurgitation, 402
Assor, D. and Taylor, J. N. Inverted papilloma of the bladder, 715
Atabrine as an adjuvant in chemotherapy of urinary tract infection, 902
Atabrine, pharmacological action, 902
Atwill, W. H., see R. D. Ensor, jt. auth.
Automobile accidents, see Kidney, injury, etc.
Awards, see Ramon Guiteras Award, Ferdinand C. Valentine Award, Hugh Hampton Young Award

Babcock clamps, use in reduction of paraphimosis, 137
Babies, see Urology, pediatric
Backflow, see Reflux, Urodynamics, etc.
Bacteria, see Kidney, pyelonephritis; Kidney, transplantation; Urinary tract, infection, etc.
Bacteriology, see Kidney, pyelonephritis; Urinary tract, infection, etc.
Bakker, N. J., Tjabbes, D. and de Voogt, H. J. Experiences with the ureterocolonic anastomosis after Mathisen, 824
Bakule, P. T., see J. U. Schlegel, jt. auth.
Barlas, G., see H. Z. Konuralp, jt. auth.
Barlow, R. S., see P. E. Donat, jt. auth.
Barnes, R. and Furnas, D. One-stage hypospadias repair, 277
Beach, P. D., see G. V. Burkholder, jt. auth.
Beck, A. D. and Gaudin, H. J. The Hryntschak prostatectomy. III. A modified technique of closing the vesical neck and prostatic cavity, 739
Beck, A. D. and Taylor, D. E. Post-prostatectomy epididymitis: a bacteriological and clinical survey, 143
Beebe, D., see J. P. Fegen, jt. auth.

Belitsky, P., Elhilali, M. M. and Oliver, J. A. Effect of stilbestrol on the isoenzymes of lactate dehydrogenase in benign and malignant prostatic tissue, 453
Belter, L. F. and Dodson, A. I., Jr. Papillomatosis and papillary adenocarcinoma of prostatic ducts: a case report, 880
Belzer, F. O., see F. Hinman, Jr., jt. auth.
Bender Gestalt test and urodynamics of enuresis, 934
Berci, G., Getzoff, P. L. and Kont, L. A. An improved concept in optics applied to cystoscopy, 542
Berliner, D. L., see R. G. Weaver, jt. auth.
Berry, J. L., see C. S. Orquiza, jt. auth.
Berry operation for incontinence, see Urine, incontinence
Bertin columns, hypertrophy, causing kidney pseudotumor, 45
Bhayani, B. N., see C. S. Orquiza, jt. auth.
Biggs, A. W., see W. R. Phillips, jt. auth.
Biopsy from mucosa of ileal conduit, histochemical and ultrastructural changes, 406
Biopsy, kidney, before, during and after kidney vein thrombosis, 502
Biopsy, kidney, disposable radiopaque grid for, 646
Biopsy, testis, findings in patients with impaired fertility, 871
Bladder, see also Intestines, Urinary tract, etc.
Bladder, artificial, see Bladder, regeneration; Bladder, enlargement; Intestines; Urine, diversion, etc.
Bladder, calculi, lithotripsy, 834
Bladder, contracture, see also Bladder, obstruction at neck; Kidney, tuberculosis; Urinary tract, tuberculosis, etc.
Bladder, contracture, enlargement by use of gelatin sponge, 107
Bladder, cystectomy, see also Bladder, new growths, carcinoma
Bladder, cystectomy followed by urinary diversion using modified Gersuny procedure, 93
Bladder, cystectomy for carcinoma, 720
Bladder, cystitis, bacteriologic and urologic evaluation of sulfamoxole, 474
Bladder, cystitis, effect of demethylchlortetracycline, 578
Bladder, cystitis follicularis, association with carcinoma, 709
Bladder, cystitis in children, 926
Bladder, cystitis, interstitial, see Bladder, interstitial cystitis
Bladder, cystitis, prevention of recurrence by application of antimicrobial ointment to urethra, 749
Bladder, cystitis, psychometric testing with Human Figure Drawing, 930
Bladder, cystitis, viral, bacterial and fungal studies, 705
Bladder, cystometrography, see Cystometrography
Bladder, cystometry, see Cystometry
Bladder, cystoplasty, gelatin sponge used in patients with contracture or hour-glass bladder, 107
Bladder, cystopyelitis, bacteriologic and urologic evaluation of sulfamoxole, 474
Bladder, cystoscopy, see Cystoscopy
Bladder, cystourethrography, see Cystourethrography
Bladder, defense mechanisms involved in bacteriuria in donors for kidney transplantation, 518
Bladder, diverticulum, 111
Bladder, drainage, disposable apparatus for closed bladder tidal drainage, 753
Bladder, dynamics, see Urodynamics
Bladder, dysfunctional lazy bladder syndrome in children, 926, 930
Bladder, enlargement, see also Bladder, contracture; Bladder, cystitis; Intestines, etc.
Bladder, enlargement by use of gelatin sponge, 107
Bladder, enuresis, see Urine, enuresis
Bladder, expansion mechanisms of the partially cystectomized bladder, 413

CONTENTS

NUMBER 1. JULY

Foreword. *H. J. Jewett* 1
Diagnostic Approach in Detecting Renal and Urinary Tract Disease. *J. U. Schlegel and P. T. Bakule* 2
Traumatic Subintimal Hemorrhage of Renal Artery. *R. Ross, Jr., E. Ackerman and J. M. Pierce, Jr.* 11
Superselective Arterial Catheterization of Tumors of Urogenital Tract: Modality Used for Perfusion With Chemotherapeutic Agents and Infarction With Radioactive Pellets. *E. K. Lang* 16
Renal Isotope Clearance by External Monitoring and Feedback Technique. New Catheter-Free Clearance Method. *N. Christiansen, H. Hansen and P. O. Madsen* 26
Scintillation Camera Renography in Identification of Uncommon Renal Transplant Complication. *R. H. Wilkinson, Jr. and J. K. Goodrich* 36
Bacteria, Viruses and Mycoplasmas in Lower Urinary Tract of Group of Renal Transplant Recipients. *J. Y. Dwoskin, R. B. Kundsin, D. Soderdahl and C. M. Wilfert* 41
Renal Pseudotumor. *H. Simon* 45
Renal Angiomyolipoma: Report of 2 Cases. *H. Z. Konuralp, A. Uras, K. Altug, G. Barlas and B. Özden* 47
Vaginal Metastasis From Renal Cell Carcinoma: Radiographic Evidence of Possible Route of Spread. *J. J. Mulcahy and W. L. Furlow* 50
Renal Adenocarcinoma: 28-Year Review, With Emphasis on Rationale and Feasibility of Preoperative Radiotherapy. *C. E. Cox, S. S. Lacy, W. G. Montgomery and W. H. Boyce* 53
Primary Adenocarcinoma of Renal Pelvis. *T. E. Murphy and J. E. Stevenson* 62
Surgical Correction of Ureteropelvic Junction Obstruction Using Free Graft of Renal Pelvis Wall. *R. J. Macauley and W. J. Frohbose* 67
Cholesteatoma of Urinary Tract. *G. L. Gale and W. K. Kerr* 71
Pathophysiology of Functional Ureteral Obstruction. *E. A. Tanagho, D. R. Smith and T. H. Guthrie* 73
Peripheral Renin and Blood Pressure Changes Following Complete Unilateral Ureteral Occlusion. *E. D. Vaughan, Jr., R. C. Sweet and J. Y. Gillenwater* 89
Modified Gersuny Procedure for Urinary Diversion. *R. D. Ensor, W. H. Atwill, A. J. Secrest, W. A. Leitner and J. F. Glenn* 93
Results of Ureterocolic Anastomosis With Sigmoid-Myotomy. *O. Daniel and M. L. Singh* 98
Perivesical Fat Necrosis Simulating Neoplasm. *D. C. Henning and H. W. Ratledge* 102
Comparison of Slow and Rapid Fill Cystometry Using Liquid and Air. *A. S. Cass, B. D. Ward and C. Markland* 104
Enlargement of Contracted Bladder by Use of Gelatin Sponge Bladder. *S. Orikasa and I. Tsuji* 107
Congenital Diverticulum of Bladder. *M. Schiff, Jr. and B. Lytton* 111
Irradiation and 5-Fluorouracil as Adjuvants in Management of Invasive Bladder Carcinoma. Cooperative Group Report After 4 Years. *G. R. Prout, Jr., N. H. Slack and I. D. J. Bross* 116
Voiding and Intrinsic Defenses of Lower Urinary Tract of Female Dog. I. Effects of Episiotomy, Colostomy, Dilatation and Urinary Diversion. *B. K. Masih, G. Drouin and F. Hinman, Jr.* 130
Reduction of Paraphimosis. *R. W. Skoglund, Jr. and W. H. Chapman* 137
Male Prepuberal Castrate. *D. L. Gordon and N. Javadpour* 138
Co-Existing Abdominal and Scrotal Hydroceles. *I. D. Sood and S. J. Aptekar* 141
Post-Prostatectomy Epididymitis: Bacteriological and Clinical Survey. *A. D. Beck and D. E. Taylor* 143
Uptake of Tritiated Stilbestrol Diphosphate by Prostate Gland. *C. Promislow, J. Connolly and A. Clarke* 146
Incidence and Probable Origin of Melanin in Prostate. *R. A. Guillan and S. Zelman* 151
Remission of Metastatic Lesions Following Cryosurgery in Prostatic Cancer: Immunologic Considerations. *W. A. Soanes, R. J. Ablin and M. J. Gonder* 154
Radical Perineal Prostatectomy for Carcinoma. *J. E. Dees* 160
Urinary Tract Infections Following Transurethral Prostatectomy: With Special Reference to Use of Antimicrobials. *H. G. Genster and P. O. Madsen* 163
Observations on Kinetics of Experimental Foreign Body Lithiasis. *B. Finlayson and G. H. Miller, Jr.* 169
Colistimethate Overdosage. *V. N. P. Tripathi, E. A. Stulberger and F. J. Takacs* 176

Pediatric Urology

Renal Abscess. *W. R. Fair and M. H. Higgins* 179
Renal Cholesteatoma in Child. *R. R. Ross, Jr., H. Y. Lewis and A. J. Brough* 184

Hypernephroma in Pediatric Age Group. *A. M. Shanberg, M. Srouji and P. R. Leberman* ... 189
Blueberry Muffin Baby: Neonatal Neuroblastoma With Subcutaneous Metastases. *T. E. Shown and M. F. Durfee* ... 193
Congenital Ureteral Strictures. *T. D. Allen* ... 196
Functional Closure of Typical Exstrophy of Bladder. *V. F. Marshall and E. C. Muecke* ... 205
Reconstruction of Penis. *J. P. Fleming* ... 213
Acute Scrotal Swelling in Children. *G. W. Kaplan and L. R. King* ... 219

Ramon Guiteras Award ... 224
Ferdinand C. Valentine Award ... 224
Hugh Hampton Young Award ... 224
Deaths of American Urological Association Members ... 225

NUMBER 2. AUGUST

Correlation of Angiography and Natural History in Evaluation of Patients With Renovascular Hypertension. *B. H. Stewart, H. P. Dustan, W. S. Kiser, T. F. Meaney, R. A. Straffon and L. J. McCormack* ... 231
Peroral Dissolution of Renal Calculi. *K. Uhlíř* ... 239
Direct Arterial Implantation Into Partially Nephrectomized Kidney. *H. S. Goldsmith and J. Castillo* ... 248
Observations on Ureteropelvic Junction. *J. W. Foote, J. B. Blennerhassett, F. W. Wiglesworth and K. J. MacKinnon* ... 252
Primary Tumors of Ureteral Stump. *H. G. Watts* ... 258
Experimental Vesicoureteral Reflux: IV. Role of Neuromuscular Activity. *N. R. Zinner and A. J. Paquin, Jr* ... 262
New Method of Cystometrography. *L. H. Oetjen, Jr., J. L. Campbell, M. W. Thomley and R. L. Parsons* ... 267
Giant Calculus in Ileal Conduit. *S. Navani, B. Diznoff, W. Collins and D. Marchant* ... 269
Traumatic Perivesical Hematoma: Late Sequela of False Ileac Aneurysm. *B. R. Harrow* ... 271
Constant Urethral Flow in Female Dog. IV. Determination of Functional Urethral Diameter. *A. S. Cass, R. L. Evans, J. R. Tyberg, B. D. Ward and F. Hinman, Jr* ... 273
One-Stage Hypospadias Repair. *R. Barnes and D. Furnas* ... 277
One-Stage Hypospadias Repair. *N. B. Hodgson* ... 281
Urine Retention: Isolated Sign in Some Spinal Cord Disorders. *F. Ivanovici* ... 284
Precancerous Penile Lesions in Young Men. *J. W. McAninch and C. A. Moore* ... 287
Carcinoma of Penis: Clinicopathologic Study. *K. A. Hanash, W. L. Furlow, D. C. Utz and E. G. Harrison, Jr* ... 291
Study of Electrophoretic Pattern of Hydrocele Fluid in Relation to Pathological Changes in Tunica Vaginalis. *C. Sitadevi, R. P. Israel, Y. Ramaiah, P. Tarachand, N. V. Reddy and C. R. R. M. Reddy* ... 298
X-Ray Therapy in Testicular Embryonal Cell Carcinoma: Report of Unusually Good Response. *A. R. Mackenzie* ... 300
Statistical Study of Unilateral Prophylactic Vasectomy in Prevention of Epididymitis: 1029 Cases. *J. R. Rinker, C. V. Hancock and W. D. Henderson* ... 303
Male Hermaphrodite With Hypospadias and Gynecomastia. *K. Isurugi, M. Sakuma, M. Waku, T. Sekiguchi and H. Takayasu* ... 304
Urogenital Tuberculosis. *N. L. Mangelson, J. C. Saunders and S. A. Brosman* ... 309
Effects of Dietary Supplements and Methylene Blue on Urinary Calculi. *F.-H. C. Chow, J. L. Brase, D. D. Hamar and R. H. Udall* ... 315
Antibacterial Activity of Methenamine Hippurate. *M. J. Katul and I. N. Frank* ... 320
Symptomatic Magnesium Deficiency in Urological Patients. *T. Kallas* ... 325
Simple Means of Calculating Blood Loss in Urinary Drainage. *H. N. Uhley* ... 328

Pediatric Urology

Fetal Renal Hamartoma. *G. V. Burkholder, P. D. Beach and R. Hall* ... 330
Management of Ectopic Pheochromocytoma Producing Ureteral Obstruction. *M. A. Immergut, R. Boldus, C. P. Köllin and P. Rohlf* ... 337
Selection of Children for Vesicoureteroplasty. *H. H. Edelbrock and J. C. Mickelson* ... 342
Polyorchism With Anomalous Urogenital Union. *S. H. Corwin, J. Addonizio and G. R. Nagamatsu* ... 346
True Hermaphrodite Presenting With Scrotal Ovotestes, Hypospadias and Gynecomastia. *K. Isurugi, M. Sakuma, M. Waku, T. Sekiguchi, Y. Kumamoto and H. Takayasu* ... 350

NUMBER 3. SEPTEMBER

Editorial. *J. U. Schlegel* ... 361
Renin Assays in Hypertension: Use of Peripheral Renin as Screening Test. *W. H. Chapman, D. J. O'Brien, J. W. McRoberts and J. S. Ansell* ... 362
Comparison of Renal Function in Spinal Cord Injury Patients With and Without Reflux. *L. J. Marchetti and P. Gonick* ... 365

XUM

Parameters of Renal Functional Capacity in Reversible Hydroureteronephrosis in Dogs. VI. Response to Mannitol Challenge by Chronically Obstructed Canine Kidney and Its Clinical Implication. *A. L. Finkle, S. J. Karg and D. R. Smith*... 368
Pyeloduodenal Fistula Due to Tuberculosis. *D. T. Schwartz, H. A. Garnes, J. K. Lattimer and T. W. Roberts*... 373
Changing Concept of Hypernephroma. *M. M. Warren, P. P. Kelalis and D. C. Utz*... 376
Partial Nephrectomy for Carcinoma in Congenital Solitary Kidney. *S. K. Ghosh and W. L. Donegan*... 380
Intraoperative Pulmonary Embolectomy. *L. E. Dorfman and S. A. Marable*... 384
Management of Ureteral Obstruction With Silicone Rubber Splint Catheters. *J. L. Marmar*... 386
Experimental Model of Ureteral Colic. *H. L. Kim, P. C. Labay, S. Boyarsky and J. F. Glenn*... 390
Experiments in Ureterosigmoidostomy: Transureteroureterostomy Combined With Ureterosigmoidostomy to Allow Single Ureterocolic Anastomosis. *L. B. Harbach, J. J. Kaufman and W. E. Goodwin*... 395
Abnormal Hydrodynamics During Vesicoureteral Regurgitation. *M. Asano*... 402
Histochemical and Ultrastructural Changes Observed in Mucosa of Ileal Conduit. *M. Guerrero-Alcázar, A. González-Angulo and F. Ortiz-Quesada*... 406
Expansion Mechanisms of Partially Cystectomized Bladder: Experimental Study in Rabbits. *A. M. B. Goldstein, V. Gualtieri and P. L. Getzoff*... 413
Association of Benign Bladder Papilloma With Cancers of Sites Other Than Bladder and Ureter. *R. I. Lerman, R. V. P. Hutter, F. Ritter and W. F. Whitmore, Jr*... 418
Urinary Retention Associated With Herpes Zoster. *B. Ray and G. J. Wise*... 422
Bacteriologic and Hormonal Observations of Urethra and Vaginal Vestibule in Normal, Premenopausal Women. *W. R. Fair, M. M. Timothy, M. A. Millar and T. A. Stamey*... 426
Diverticulum of Female Urethra: Clinical Aspects and Presentation of Simple Operative Technique for Cure. *H. M. Spence and J. W. Duckett, Jr*... 432
Carcinoma of Penis Involving Skin of Base. *H. Grabstald*... 438
Scrotal Pneumatocele as Unusual Sign of Pneumoperitoneum: Report of Case and Review of Literature. *H. L. Gordon and J. L. Walkup*... 441
Study of Anatomy of Prostate, Prostatic Urethra and Urinary Sphincter System. *J. A. Hutch and O. N. Rambo, Jr*... 443
Effect of Stilbestrol on Isoenzymes of Lactate Dehydrogenase in Benign and Malignant Prostatic Tissue. *P. Belitsky, M. M. Elhilali and J. A. Oliver*... 453
Transurethral Resection Reaction Secondary to Intraperitoneal Extravasation of Irrigating Solution. *J. L. Marmar and S. D. Allen*... 457
Lethal Freezing Temperatures of Surgical Capsule and Cryosurgery of Prostate. *J. A. Dow, J. D. Coughlin and K. Waterhouse*... 459
Retropubic Seminal Vesiculectomy for Chronic Seminal Vesiculitis With Preservation of Potency. *R. Witherington and J. R. Rinker*... 463
Incidence of Cytoplasmic and Nuclear Inclusions in Non-Specific Genital Infections in Men. *W. R. Phillips and A. W. Biggs*... 470
Bacteriologic and Urologic Evaluation of Sulfamoxole. *N. D. Reed, C. E. Georgi, W. J. Jarvis, H. V. Munger, G. E. Lewis, Jr. and K. W. Sehnert*... 474

Pediatric Urology

Fourteen-Hour Concentrated Urine Osmolality as Renal Function Test in Children. *P. E. Donat, R. S. Barlow and D. D. Albers*... 478
Sulfonamide Crystalluria: Forgotten Disease. *L. E. Dorfman and J. P. Smith*... 482

NUMBER 4. OCTOBER

American Urological Association and Medical Care Crisis. *D. J. Jaffar*... 489
Doctor and Government. *R. O. Egeberg*... 494
Renovascular Hypertension: Diagnostic Value of Renal Vein Renin Ratios. *J. L. Simmons and A. M. Michelakis*... 497
Unilateral Renal Vein Thrombosis and Nephrotic Syndrome. *A. W. Duncan, W. Schorr, F. Clark and D. N. S. Kerr*... 502
Spontaneous Rupture of Collecting System of Kidney: Evaluation. *J. J. Smulewicz, J. Dorfman, S. Cagan and W. H. Seery*... 507
Experience With Arteriovenous Fistula in Chronic Hemodialysis. *B. Lytton, J. A. Goffinet, C. J. May and R. M. Weiss*... 512
Urinary Tract Infection and Renal Homotransplantation. IV. Bladder Defense Mechanisms Involved in Bacteriuria in Donors. *F. Hinman, Jr., F. O. Belzer and N. Sugino*... 518
Current Results From Primary and Secondary Treatment of Renal Cell Carcinoma. *G. P. Murphy, R. H. Moore and G. M. Kenny*... 523
Primary Osteogenic Sarcoma of Kidney. *L. A. Johnson, V. C. Ancona, T. Johnson and N. B. Pineda*... 528
Ectopic Opening of Ureter into Seminal Vesicle. *C. S. Orquiza, B. N. Bhayani, J. L. Berry and C. P. Dahlen*... 532

Carcinoma of Colon Following Ureterosigmoidostomy. *L. H. Oetjen, Jr., J. L. Campbell, M. W. Thomley and R. L. Parsons* 536
Effect of Bladder Irrigations During Indwelling Urethral Catheterization. *N. R. Zinner, G. M. Kenny and S. Weinstein* 538
Improved Concept in Optics Applied to Cystoscopy. *G. Berci, P. L. Getzoff and L. A. Kont* 542
Failure of Automatic Bladder Concept in Management of Complete Upper Motor Neuron Neurogenic Bladder. *J. M. Lynn* 545
Physiology of Internal Urinary Sphincter. *F. J. Kleeman* 549
Case Report of Congenital Urethro-Vaso-Cutaneous Fistula. *C. E. Hawtrey* 555
Scrotal Flap Repair of Neo-Rectal Stenosis Following Gersuny Procedure. *A. J. Secrest, R. D. Ensor, R. A. Mladick and J. F. Glenn* 557
Diffusion of Sulfonamides From Plasma into Prostatic Fluid. *D. G. Winningham and T. A. Stamey* 559
Technique for Study of Human Prostatic Epithelial Cells in Vitro by Time-Lapse Cinematography. *V. L. Lerch, J. Todd, J. K. Lattimer and M. Tannenbaum* 564
Functional Anatomy of Urologic Cryosurgical Unit and its Relation to Technique, Complications and Results of Cryosurgery of Prostate. *J. A. Dow* 572
Demethylchlortetracycline in Management of Urologic Infections. *W. W. Hoffman* 578
Comparative Study of Relative Incidence of Stone Types Between Transient Military Population and Indigenous Population of Hawaiian Islands. *J. C. Wurster, F. E. Ceccarelli, Jr. and H. Y. W. Chinn* 581
Applications of Dermo-Jet in Urology. *C. V. Dreyer and C. C. Winter* 586
Action of Fluocinolone Acetonide Upon Scar Tissue Formation. *R. G. Weaver and D. L. Berliner* 591

Pediatric Urology

Incidence of Retrograde Ejaculation Following Bladder Neck Revision as Child. *M. G. Ochsner, E. Burns and H. H. Henry, II* 596
Torsion of Testicular Appendages: Presentation of 43 New Cases and Collective Review. *R. W. Skoglund, J. W. McRoberts and H. Ragde* 598
Acute Scrotum in Children With Emphasis on Torsion of Spermatic Cord. *N. H. Moharib and H. P. Krahn* 601
Torsion of Spermatic Cord: Review of Literature and Analysis of 70 New Cases. *R. W. Skoglund, J. W. McRoberts and H. Ragde* 604
Reifenstein's Syndrome: Hereditary Familial Hypogonadism With Hypospadias and Gynecomastia. *L. W. Jones, H. Isaacs, Jr., H. Edelbrock and G. N. Donnell* 608
Efficacy of Imipramine in Management of Enuresis. *S. A. Kunin, D. J. Limbert, A. C. G. Platzker and J. McGinley* 612

Graduate Seminar of American Urological Association Sponsored by New York Section 616
Graduate Seminar of American Urological Association Sponsored by South Central Section 618

NUMBER 5. NOVEMBER

Acute Changes in Renal Size in Normal and Hypertensive Dogs. *M. L. Shultz* 629
Medical Therapy of Renal Calculi. *G. W. Drach, M. J. V. Smith and W. H. Boyce* 635
Normal Cutaneous Sensitivity to Endotoxin in Azotemia. *S. Fink and R. F. Mais* 640
Pathophysiology and Surgical Implications of Hyperosmolar Non-Ketotic Diabetic Coma. *J. A. Libertino, R. M. Weiss and B. Lytton* 642
Disposable Radiopaque Grid for Percutaneous Renal Biopsy. *A. V. Williams, F. C. Derrick, Jr. and T. S. Hargest* 646
Renal Trauma. *J. W. Morrow and R. Mendez* 649
Results of Long-Term Study of Non-Functioning Tuberculous Kidneys. *S. Bloom, H. Wechsler and J. K. Lattimer* 654
Lymphangiectasia Simulating Polycystic Disease. *J. R. Lindsey* 658
Pyelonephritis With Vasculature Suggesting Renal Cell Carcinoma. *R. E. Land and D. Rosen* 663
Crossed, Fused, Renal Ectopia With Ectopic Ureterocele. *R. S. Malek and D. C. Utz* 665
Refluxing Ureteral Stump With Pseudocyst Formation: Complication of Renal Homotransplantation. *A. J. Johnson and H. N. Kotsis* 668
Human Ureteral Peristalsis. *P. Edmond, J. A. Ross and I. S. Kirkland* 670
Factors Which Contribute to or Prevent Sloughing of Distal Ureter: Experimental Study. *R. J. Pierce, Jr. and J. R. Rinker* 675
Bilateral, Synchronous, Primary Transitional Cell Carcinoma of Ureter: Report of 2 Cases and Review of Literature. *J. M. Talavera, J. A. Carney and P. P. Kelalis* 679
Further Attempts at Internal Urinary Diversion: Experimental Study. *M. P. Gangai, C. A. Moore, F. Diaz-Ball and J. McAninch* 684
Antibacterial Activity of Rat Vesical Mucosa. *J. Y. Gillenwater, N. C. Cardozo, N. O. Tyrone, S. G. Mulholland, D. G. Hughes and E. A. Foster* 687

Experimental Investigations of Bladder Regeneration Using Teflon-Felt as Bladder Wall Substitute. *A. Kelâmi, H. O. Dustmann, A. Lüdtke-Handjery, V. Cârcamo and G. Herold* ... 693
Bladder Exstrophy. *R. M. Engel and H. A. Wilkinson* ... 699
Interstitial and Hemorrhagic Cystitis: Viral, Bacterial and Fungal Studies. *K. A. Hanash and T. L. Pool* ... 705
Treatment of Delayed Intractable Hemorrhagic Cystitis Following Radiation or Chemotherapy. *J. Lapides* ... 707
On Nature of Cystitis Follicularis. *K. P. Sarma* ... 709
Inverted Papilloma of Bladder. *D. Assor and J. N. Taylor* ... 715
Hamartoma of Bladder. *A. A. Borski* ... 718
Clinical Staging of Bladder Tumors. *G. M. Kenny, G. J. Hardner and G. P. Murphy* ... 720
Severed Canine Posterior Urethra: Study of Two Distinct Methods of Repair. *J. W. McRoberts and H. Ragde* ... 724
Giant Condyloma of Penis. *D. L. McCarron and C. E. Carlton* ... 730
Local Anesthesia for Acute Epididymitis. *H. C. Miller* ... 734
Induction of Diuresis Following Transurethral Resection of Prostate. *P. O. Madsen, O. E. Knuth, L. V. Wagenknecht and H. G. Genster* ... 735
Hryntschak Prostatectomy. III. Modified Technique of Closing Vesical Neck and Prostatic Cavity. *A. D. Beck and H. J. Gaudin* ... 739
Experiences With P-32 in Advanced Carcinoma of Prostate. *S. H. Corwin, M. Malament, M. Small and H. D. Strauss* ... 745
Recurrent Urinary Tract Infections in Women: Prevention by Topical Application of Antimicrobial Ointment to Urethral Meatus. *R. R. Landes, I. Melnick and A. A. Hoffman* ... 749
Simple, Inexpensive Technique for Photographing Roentgenograms. *D. P. Griffith* ... 751
Disposable Apparatus for Closed Bladder Tidal Drainage. *H. H. Holm and K. Egeblad* ... 753

Pediatric Urology

Xanthogranulomatous Pyelonephritis in Infant. *F. E. Ceccarelli, Jr., J. C. Wurster and S. B. Chandor* ... 755
Erythropoietin Levels in Wilms Tumor Patients. *G. M. Kenny, E. A. Mirand, W. J. Staubitz, J. E. Allen, P. J. Trudel and G. P. Murphy* ... 758
Familial Vesicoureteral Reflux. *J. J. Mulcahy, P. P. Kelalis, G. B. Stickler and E. C. Burke* ... 762
Surgical Correction of Vesicoureteral Reflux in Children: Results With Use of Single Standard Technique. *M. Palken* ... 765
Urogenital Sinus Outlet Obstruction. *E. S. Tank, J. W. Konnak and J. Lapides* ... 769
Local Androgenic Effect of Interstitial Cell Tumor of Testis. *R. F. Gittes, G. Smith, C. A. Conn and F. Smith* ... 774
Radiation Therapy for Embryonal Carcinoma of Testis in Childhood. *K. Matsumoto, K. Nakauchi and K. Fujita* ... 778

NUMBER 6. DECEMBER

Preoperative Diagnosis of Adrenal Cysts. *J. C. Cerny, A. Warshawsky, J. Hall, J. Bookstein, S. M. Lindenauer and G. Morley* ... 787
Possible Role of Microbial L-Forms in Pyelonephritis. *G. J. Domingue and J. U. Schlegel* ... 790
Scintillation Camera in Embolic Acute Renal Failure. *D. L. Hartenbower, M. A. Winston, E. R. Weiss and J. W. Coburn* ... 799
Arteriovenous Shunts in Thigh for Hemodialysis. *L. E. Allen and G. Applegate* ... 803
Carcinoma of Renal Pelvis: New Technique for Treatment of Frail Patient. *C. H. Paine, F. Ellis and J. C. Smith* ... 808
Advancing V-Flap Modification for Dismembered Pyeloplasty. *C. J. Devine, Jr., P. C. Devine and A. R. Prizzi* ... 810
Transvesical Ureterectomy. *L. W. Howerton, R. Lich, Jr., L. S. Goode and M. Amin* ... 817
Favorable Experience With Silicone Circle Ureterostomy Tube Diversion. *E. S. Lyon, J. E. Ellis, T. A. Borden, F. A. Fried, W. B. Gill and R. J. Wong* ... 821
Experiences With Ureterocolonic Anastomosis After Mathisen. *N. J. Bakker, D. Tjabbes and H. J. de Voogt* ... 824
Differences in Bacteriology of Intestinal Loop Urinary Diversions. *R. N. Needham, M. M. Smith and J. M. Matsen* ... 831
Electronic Lithotripsy: Transurethral Treatment of Bladder Stones in 50 Cases. *H. J. Reuter* ... 834
Metastatic Breast Carcinoma to Bladder. *J. E. S. Pontes and J. R. Oldford* ... 839
Role of Lymphoid Reaction in Bladder Cancer. *K. P. Sarma* ... 843
Diverticula of Female Urethra: Assay of 120 Cases. *B. L. Davis and D. G. Robinson* ... 850
Carcinoma of Cowper's Gland Treated With Chemotherapy. *M. R. Keen, R. L. Golden, J. F. Richardson and M. M. Melicow* ... 854
Balanitis Xerotica Obliterans. *G. W. Rheinschild and B. S. Olsen* ... 860
Basal Cell Carcinoma of Penis. *J. P. Fegen, D. Beebe and L. Persky* ... 864

Hemangio-Endothelial Sarcoma of Penis: Report of Case and Review of Literature. *T. E. Hodgins and R. A. Hancock* 867
Testicular Biopsy Findings in Patients With Impaired Fertility. *A. Garduno and D. J. Mehan* 871
Testicular Tumor 18 Years Following Orchiopexy. *D. J. Jaffar and K. T. O'Donnell* 878
Papillomatosis and Papillary Adenocarcinoma of Prostatic Ducts. *L. F. Belter and A. I. Dodson, Jr* 880
Mithramycin and Metastatic Carcinoma of Prostate. *L. Persky, K. Guerrier, R. Rabin and D. J. Albert* 884
Autogenous Perineal Bone Graft for Post-Prostatectomy Incontinence. II. Technique and Results of Prosthetic Fixation of Urogenital Diaphragm in Man. *F. Hinman, Jr., J. F. Schmaelzle and A. S. Cass* 888
Late Results Following Cryosurgery of Prostate (Clinical and Panendoscopic Study of 80 Patients). *S. V. Kishev, J. D. Coughlin and J. A. Dow* 893
Urine Collection Problems in Space Program. *J. L. Walkup, R. Scott, Jr. and C. A. Homsy* 898
Atabrine as Adjuvant in Chemotherapy of Urinary Tract Infections. *J. L. Eshleman, M. R. Horwitz, S. J. De Courcy, Jr., S. Mudd and W. S. Blakemore* 902
